

STUDENT PORTAL USER MANUAL

Digital Research Information Management System

Updated Edition · September 2026

The image shows a screenshot of the Student Portal Dashboard for a user named Chelangat Faith. The dashboard includes a sidebar with navigation options like Dashboard, My Profile, Research Requests, Research Clinic, Appointments, Documents, Evaluations, Direct Messages, Support Tickets, and Settings. The main content area displays a welcome message, user profile information, and four summary cards: Pending Proposals (0), Completed Proposals (0), Pending Books (0), and Assigned Supervisors (2). Below these are quick action buttons for booking appointments, clinic sessions, making requests, and uploading documents. A timeline section shows the user's progress, and a status report section displays the current status. On the right, there are sections for recent research requests and recent documents. An 'Upload Document' modal is open in the foreground, showing fields for document type (Research Proposal), supervisor (Dr. Rashid Bwambaale), title (Research proposal), and description. A file named 'DAINA.docx' (0.01 MB) is selected for upload. The modal also indicates that the document is within the 28-page proposal limit and provides an 'Upload Document' button.

What's new in this edition

- Account activation link sent to your email, and why your email address must be accurate (1.1)
- Redesigned Dashboard with profile card, summary counters, Quick Actions and new panels (2)
- Supervisor Appointments (4.3)
- Guidelines from Supervisor, document filter tabs and the Research Proposal page limit (5.1–5.4)
- Live Chat and Support Tickets (6)

Portal Access

1.1 Account Activation Email

Once the UMI Research Centre has onboarded you onto DRIMS, the system sends a link to the Student Portal directly to the email address on your student record. This email is your starting point for accessing the portal.

To access the portal for the first time:

1. **Check Your Inbox:** Open the email account you provided to UMI and look for the email from DRIMS. If it is not in your inbox, check your Spam or Junk folder.
2. **Open the Link:** Click the link in the email to open the DRIMS Student Portal sign-in page. Bookmark the page for quicker access later.
3. **Sign In:** Follow the Secure Sign-In Procedure in section 1.2.

Important Rule: Provide an email address that you personally own and check regularly, and make sure it is spelled correctly. All system alerts and notifications are sent to this address. An inaccurate or inactive email address causes these messages to bounce back, and you will miss important updates about your research.

If you have not received the email, or your email address on record is wrong, contact the UMI Research Centre so that it can be corrected.

1.2 Secure Sign-In Procedure

The screenshot displays the UMI Student Portal sign-in interface. At the top, the UMI logo (Uganda Management Institute) is shown. Below it is a 'Student Portal' button. The main sign-in form is titled 'Sign In' and contains the following fields and elements:

- Registration Numbers:** A text input field containing the value '26/MMSPPM/KLA/AUG/004'.
- Password:** A text input field containing the value 'ku9itokr', with a toggle icon for password visibility.
- Remember me:** A checked checkbox.
- Sign In:** A blue button to submit the login information.

The Sign-In interface provides a secure gateway for students to access their personalized academic environment.

To log into your account:

1. **Access the Portal:** Open the link sent to your email, or navigate to the designated DRIMS Student Portal web address via your web browser.
2. **Enter Registration Number:** Input your official school ID identifier into the Registration Numbers field (e.g., 26/MMSPPM/KLA/AUG/004) as shown on the screen.
3. **Enter Password:** Type your confidential security code into the Password field. You can click the visibility icon (eye symbol) to reveal or conceal the characters.
4. **Session Management:** Check the Remember me box if you are logging in from a secure personal device to facilitate quicker subsequent logins. Leave it unchecked on shared or public computers.
5. **To Complete Login:** Click the Sign In button to access your central student dashboard.

Central Dashboard

The Dashboard serves as the center for your entire academic research lifecycle. It is the first page you see after signing in.

2.1 Interface Breakdown: Top of the Dashboard

- **Welcome Header:** Greets you by name and shows your Last login date and time at the top right. If you do not recognize a login time, change your password and report it.
- **Profile Summary Card:** Displays your name and Registration Number, together with tags for your program level (e.g., masters), campus (e.g., Main Branch), current research status (e.g., normal progress) and the names of your assigned supervisors.
- **Summary Counters:** Four cards showing your Pending Proposals, Completed Proposals, Pending Books and Assigned Supervisors at a glance. Hover over the information icon on each card for a short explanation.
- **Quick Actions:** Shortcut buttons to the four most common tasks: Book Appointment, Book Clinic Session, Make a Request and Upload Document.
- **Academic Lifecycle Timeline:** This bar monitors your overall journey in days, complete with a Started date, an Expected completion date, and the number of days used out of your total (e.g., 88 of 770 days).

- **Status Report Component:** Displays your live workflow standing. It features your Current Status (e.g., normal progress) and the date it began, alongside your Previous Status (e.g., workshop) and its duration.
- **Recent Research Requests:** Tracks the requests you have submitted to the UMI administration, each with its status (e.g., PENDING). Click View All to see the full list. If you have no requests yet, a Make a Request button is shown instead.

2.2 Interface Breakdown: Lower Panels

- **Direct Messages Panel:** A quick-glance summary of recent conversations with your supervisors. Click View More to launch the integrated messaging system.
- **Upcoming Appointments:** Lists your confirmed meetings with your supervisors, with the day, date and time. Click Calendar for a calendar view or View More for the full list.
- **Guidelines from Supervisor:** Templates and instructions your supervisor has shared with you, such as a Proposal Template & Guideline. Click View All to open them on the Documents page.
- **Recent Documents:** Your most recent uploads and the documents your supervisor has returned as reviewed.
- **Upcoming Research Clinic:** Shows your booked research clinic sessions. If you have none, it displays “No upcoming clinic sessions”.

- **Needs Your Attention:** Reminders about items still in progress, for example documents awaiting supervisor review.
- **Live Chat Button:** The round chat button at the bottom right of every page opens a live chat with the support team (see section 6.1).

Academic Profile & Milestone Tracking

Selecting My Profile from your sidebar menu presents your primary account details and academic tracking matrix.

3.1 Research Timeline & Lifecycle Matrices

The Progress tab outlines your macro research trajectory:

- **Status Blocks:** Quick summaries tracking active allocations like your designated Supervisor(s), Current Status and Total Time metrics, followed by your Results Approved, Results Sent to School and Senate Approval milestones. These display “Not set” until each milestone is reached.
- **Visual Progress Matrix:** A color-coded timeline tracking bar displaying your progression history through the journey milestones set by UMI (e.g., Admitted, Workshop, Normal Progress).

3.2 Supervisor Allocation Directory

Supervisors			
Name	Email	Phone	Actions
Dr. Demo Staff-3	joshuakim_q87mb@mailsac.com	N/A	View Supervisor
Dr. Demo Staff-2	joshuakim_zw8q8@mailsac.com	+256773271797	View Supervisor

The supervisor list illustrated in the image above reveals the academic experts officially allocated to your research:

- **Contact Information:** Displays the full Name, Email and Phone Number details for each assigned supervisor.
- **Profile Verification:** Click the gold View Supervisor action button to view their profiles.

3.3 Academic Research Progress Sub-Tabs

At the bottom of your profile page is a dedicated sub-tab for managing research histories.

A. Status Action Tracker Tab

Status Action Tracker

Proposal

Dissertation

Status	Start Date	End Date	Duration	Status
Normal Progress	25/05/2026	Present	3 days	On track
Workshop	25/05/2026	25/05/2026	1 days	On track
Admitted	25/05/2026	25/05/2026	1 days	On track

As shown in the image above, this tab lists chronological transitions of events. It records the specific Status, Start Date, End Date, Duration in days, and system verification flags when you are on the right track in your postgraduate studies.

B. Proposal Tab

Status Action Tracker	Proposal	Dissertation
Proposal Not Submitted		

As mapped, this tab tracks your initial proposal submission. If no documents have been submitted to the school admins, the area displays a placeholder message: “Proposal Not Submitted”.

C. Dissertation Tab

Status Action Tracker	Proposal	Dissertation
No Book Grades Available		

As mapped, this tab tracks final dissertation milestones. It displays a placeholder message “No Book Grades Available” until books are submitted to the UMI Research Center.

3.4 Account Settings

The screenshot shows the 'My Profile' page of the UMI Student Portal. The sidebar on the left contains navigation links: Dashboard, My Profile (selected), Research Requests, Research Clinic, Documents, Evaluations, Direct Messages, and Settings. The main content area is titled 'My Profile' and shows the user's registration number: 26/MMSPPM/KLA/AUG/004. There are two tabs: 'Personal Information' (active) and 'Course Application Summary'. The 'Personal Information' tab displays the following details:

Personal Information	
Title	Full Name
Mr	
Email	Phone Number
joseph5asiimwe@mailsac.com	+256773002744
Gender	School
Male	School of Business and Management
Campus	Department
Main Branch	Management

At the bottom of the page, there are 'Previous Step' and 'Next Step' buttons.

As shown, this module confirms your student profile details provided under two sub-tabs:

1. **Personal Information:** Verifies read-only identity data fields populated by the UMI administration, including your Title, Full Name, verified Email, Phone Number, Gender, School, Campus and Department.
2. **Course Application Summary:** Displays key academic registration metrics mapped directly under your unique Registration Number. When this tab is active, the system presents the following data fields:
 - Course: Displays your registered academic course name.
 - Academic Year: Identifies the current active academic period (e.g., 2026/2027).
 - Study Mode: Indicates your scheduling path.
 - Intake Period: Specifies the designated cohort entry month.
 - Program Level: Outlines the degree tier under evaluation.
 - Specialization: Lists your study focus area.
 - Completion Time (in Years): Tracks the official duration to complete the program.

- Expected Completion Date: Provides the deadline calculated for graduation eligibility.

Important Rule: Confirm that the Email shown under Personal Information is correct and active. If any of your details are wrong, report it through a Support Ticket (section 6.2) so that the administration can correct it.

Communication & Request Tools

4.1 Integrated Direct Messaging System

Important Rule: Direct messaging inside the platform is strictly confidential and is only between the Student and their assigned Supervisor.

The communications workspace shown above centralizes dialogue with your research mentors:

- **Initiating a Conversation:** Click the vibrant blue New Message button to start a conversation.
- **Contact Sorting:** Use the integrated Find a DM, by Name search box to quickly filter through your open conversation logs.

4.2 Research Request Panel

The screenshot shows the 'Submit Request' page in the UMI Student Portal. On the left is a sidebar with the UMI logo and user information for Joseph Asimwe. The sidebar lists 'Main Activities' (Dashboard, My Profile, Research Requests, Research Clinic, Documents, Evaluations, Direct Messages) and 'Other options' (Settings). The 'Research Requests' option is highlighted. The main content area has a header with a 'Back' button and the title 'Submit Request'. Below this is a 'Request Type' dropdown menu with the placeholder text 'Select request type...'. At the bottom of the form are 'Cancel' and 'Send Request' buttons.

When you need a formal way to send inquiries to the UMI school or research administrators, click on Research Requests from the sidebar menu, or Make a Request under Quick Actions on your Dashboard.

Clicking the Select request type... dropdown provides the following avenues:

Option A:

This screenshot shows the form for a 'Change of Supervisor' request. The 'Request Type' dropdown is set to 'Change of Supervisor'. Below it is a 'Current Supervisor' dropdown menu with the placeholder text 'Select...'. Underneath is a large text area for the 'Reason'. At the bottom right are 'Cancel' and 'Send Request' buttons.

If you select Change of Supervisor, the system updates to require parameters:

1. **Current Supervisor:** Use the dropdown menu to specify which supervisor you want to replace.

2. Reasoning: Write out a comprehensive explanation for your change request in the text field.
3. Dispatch: Click Send Request, or click Cancel to discard the request.

Option B:

The screenshot shows a form titled 'Request Form'. It contains the following elements:

- Request Type:** A dropdown menu with 'Other' selected.
- Request Title:** A single-line text input field.
- Description/Reason:** A multi-line text area.
- Buttons:** 'Cancel' and 'Send Request' buttons at the bottom right.

If you select Other, the platform updates with the fields to handle miscellaneous queries:

1. Request Title: Enter a brief name outlining the objective of your petition.
2. Description/Reason: Write a clear explanation detailing the action you want taken.
3. Dispatch: Click the Send Request button to submit your query to administrators.

Submitted requests appear on your Dashboard under Recent Research Requests with the status PENDING until the administrators act on them.

4.3 Supervisor Appointments

The screenshot displays the 'UPCOMING APPOINTMENTS' section with the following details:

Appointment	Status
Rashid Bwambaale Mon, Sep 21 · 10:00 AM - 12:00 PM	CONFIRMED
Rashid Bwambaale Thu, Sep 24 · 9:00 AM - 12:00 PM	CONFIRMED
Rashid Bwambaale Mon, Sep 28 · 10:00 AM - 12:00 PM	CONFIRMED
Nakato Joviahs Wed, Sep 30 · 8:00 AM - 10:00 AM	CONFIRMED

Buttons: Calendar, View More

The Appointments module lets you schedule meetings with your assigned supervisors. Open it by clicking Appointments in the sidebar menu, or Book Appointment under Quick Actions on your Dashboard.

- **Confirmed Appointments:** Once your supervisor confirms a meeting, it appears under Upcoming Appointments on your Dashboard with a CONFIRMED status, showing the supervisor's name, the day, date and time.
- **Calendar View:** Click the Calendar button to see all your appointments laid out by date.
- **Full List:** Click View More to see every appointment.

Document Management & Research Clinics

5.1 Guidelines from Supervisor

At the top of the Documents page, the Guidelines from Supervisor panel holds templates and instructions shared by your supervisor, such as a Proposal Template & Guideline. Each guideline shows the supervisor's name, the date shared, their message, and the attached file name and size.

- **Download:** Click the Download button to save the guideline file to your device.
- **Viewed Indicator:** The green Viewed label shows the date you opened the guideline.

Read your supervisor's guidelines carefully and apply them to your draft before uploading.

5.2 Uploading Research Documents

The Documents workspace, as seen, provides a tracked repository for your work. You can upload new files using the Upload Document panel, while your records populate inside the My Documents ledger.

To upload a file:

1. **Define Document Type:** Click the Document Type dropdown and select from these categories:
 - Research Proposal
 - Dissertation
 - Chapter
 - Other
2. **Assign Target Recipient:** Use the Send to Supervisor dropdown selection field to pick which assigned supervisor needs to review the file.
3. **File Metadata:** Provide a descriptive name in the Document Title box and add supplementary details in the optional Description area.
4. **Attach File:** Drag and drop your file into the upload target area, or click the Upload a file hyperlink to select it via your system explorer. DRIMS accepts Word documents only (DOC, DOCX) up to 10MB. To change the attached file, click Remove.
5. **Finalize Upload:** Click the Upload Document action button to log your file.

5.3 Research Proposal Page Limit

Select File *

 **DAINA.docx**
0.01 MB Remove

2 pages — within the 28-page proposal limit.

Upload Document

When the Document Type is set to Research Proposal, the system automatically counts the pages in your attached file and displays the result below it, for example “2 pages — within the 28-page proposal limit.”

Important Rule: A Research Proposal must not exceed 28 pages. The page count covers the entire file you upload, including the cover page, preliminary pages (such as the declaration, approval page, table of contents and list of abbreviations), the main body, references and appendices.

Before uploading, check the total page count of your document in Microsoft Word, not only the main body. If your file exceeds the limit, the system will flag it; shorten the document, then remove the file and attach the revised version.

5.4 My Documents Ledger

The screenshot displays the 'My Documents' interface. At the top, there's a 'My Documents' header, a search bar labeled 'Search documents...', and a 'Refresh' button. Below this is a horizontal tab bar with 'All Documents' (selected), 'Proposals', 'Dissertations', 'Chapters', 'Other', and 'Reviewed'. The main area lists four documents:

- Document 1:** 'A case study of the implementation of IT in the Agricultural section' (Proposal tag). Uploaded: Sep 18, 2026 9:14 AM. By: Chelangat Faith. 0.03 MB. To: Dr. Rashid Bwambaale. Due in 13 days. Actions: View, Download.
- Document 2:** 'An evaluation of chronic disease burden and social economic predispo...' (Other tag). Uploaded: Sep 13, 2026 10:13 AM. By: Chelangat Faith. 0.03 MB. To: Dr. Rashid Bwambaale. Due in 8 days. Actions: View, Download.
- Document 3:** 'Research Proposal' (Proposal tag). Kindly Look at Chapter 1 & 2. Uploaded: Sep 13, 2026 10:11 AM. By: Chelangat Faith. 0.04 MB. To: Dr. Rashid Bwambaale. Due in 8 days. Actions: View, Download.
- Document 4:** 'Chapter One' (Chapter tag). Uploaded: Sep 13, 2026 10:11 AM. By: Chelangat Faith. 0.01 MB. To: Dr. Rashid Bwambaale. Due in 8 days. Actions: View, Download. A chat bubble icon is visible next to the Download button.

Every document you upload is listed in the My Documents ledger:

- **Filter Tabs:** Switch between All Documents, Proposals, Dissertations, Chapters, Other and Reviewed. The Reviewed tab holds documents your supervisor has reviewed and returned.
- **Document Details:** Each entry shows the document type tag, upload date and time, uploader, file size, the supervisor it was sent to (To:), and a countdown in days (e.g., Due in 8 days).
- **Actions:** Click View to open the document, or Download to save a copy.
- **Search & Refresh:** Use the Search documents box to find a file by name, and click Refresh to load the latest updates.

5.5 Research Clinic Booking Operations

The Research Clinic shown above lets you book advisory sessions to get guidance on your project. Open it from Research Clinic in the sidebar, or Book Clinic Session under Quick Actions.

To book a session:

1. **Identify Available Days:** Look through the Available Clinic Days card array to find an open date, checking the available times and slot counts.
2. **Trigger Booking Pop-up:** Click the Book Session button on your chosen date.
3. **Provide Notes:** In the Book Research Clinic Session pop-up wrapper, review the chosen date and add any specific questions into the Notes (Optional) text area.

4. **Confirm Allocation:** Click Confirm Booking to secure your appointment, or click Cancel to return to the calendar. Your appointment will appear in your personal My Bookings ledger and under Upcoming Research Clinic on your Dashboard.

5.6 Research Process Evaluations

The Evaluations dashboard shown lets you submit feedback regarding your satisfaction with different aspects of the research process.

1. **Available Evaluations Panel:** Holds active performance surveys assigned to your profile.
Important Rule: Evaluations automatically become available after proposal defense and viva completion.
2. **Completed Evaluations Panel:** Provides a permanent, archivable history of all your submitted feedback forms.

Getting Help

6.1 Live Chat Support

If you need help while using the portal, click the round chat button at the bottom right of any page to start a live chat with the support team. Each live chat is logged as a support ticket, so you can follow it up under Support Tickets.

6.2 Support Tickets

Support Tickets
View and manage your support requests.
